NICARAGUA

Trek is celebrating the 30th year hosting shooters in Nicaragua with our local outfitter partner Marvin Townsend. Marvin's meticulous management of the 25,000-acre Estero Real Lagoon where we hunt has resulted in three decades of sensational duck hunting for Trek shooters, and with considerable rainfall this summer, the outlook for a banner season this year is outstanding.

This season, we are running back our [Duck and Dove Combo](#) program, as the resident whitewing population is thriving. With numerous hunting operations investments, including new guns, this season in Nicaragua earned our pick as a top fall adventure.
